

# Stylish Security For Expansive Spaces

# Protecting the Widest Openings with Strength and Style

## INTEGRATING SECURITY INTO YOUR OPEN-CONCEPT SPACE

Wide openings in retail and commercial architecture has created a need for innovative security solutions. QMi XL shutters offer a versatile and effective way to protect counter areas, interior openings, and storefronts without compromising the desired aesthetic.

**Counter Areas:** In counter areas, XL shutters can secure cash registers, point-of-sale systems, pharmaceuticals, and other valuable items. Their wide coverage area and easy motorized operation provide a reliable deterrent to theft and make them easy for employees to use.

**Interior Openings:** XL shutters can create secure access points between different building areas. This is particularly important for high-value inventory or sensitive areas. They can also control access and provide added security.

**Storefronts:** XL shutters can protect storefronts from forced-entry attacks. Installed internally, they can efficiently and safely cover extremely large storefronts. Their flexible installation approach ensures solid aesthetics that complement the building's architecture.

QMi XL shutters offer a versatile and effective solution for securing wide openings in retail and commercial spaces.

XL shutters protect the opening of a pharmacy counter.

- Versatile security solution offering expansive coverage for spaces with larger openings.
- Uniquely small box housing enhances aesthetics while providing robust protection.
- Perforated slats for visibility without sacrificing security.
- Designed for a quick and easy installation.

## OPTIONS

- Tubular motor for smooth, reliable operation or jackshaft motors for extreme widths.
- Custom sizes and colors to meet opening requirements.

Tubular Motor operation provides a quiet, space-optimized user experience

Uniquely small housing adds sophisticated style to your interior space

Solid or punched slats tailor the XL for your desired visibility level

# EXPANSIVE COVERAGE, SWIFT INSTALLATION

Wide-format security with installation flexibility.

## EXPANSIVE. FLEXIBLE. DURABLE.

XL Shutters cover extra wide openings with a small, aesthetically pleasing housing. Uniquely designed for a quick and easy installation below ceilings, they simplify the securing of wide single or subdivided spans.

XL's double-rail system and end-retained curtain provide medium security. Designed for operability, these shutters are the optimal choice for your open footprint.

## CORE APPLICATIONS

XL provides engineered security for a range of interior applications.

**Storefronts** Secure wide expanses over doors or windows, ensuring unobstructed views with minimal structural interference.

**Counters** Ideal for wide countertops with multiple attendants, XL creates flexible security with easy, one-touch operation for store personnel.

Well suited for large-format retail spaces including pharmacies, dispensaries, sporting goods, grocery, and others - XL is adaptable to your open-format security needs.

# Unparalleled Widths

## BROAD SECURITY

XL Shutters cover extra-wide openings with a small, aesthetically pleasing housing, uniquely designed for quick and easy installation below ceilings. Ideal for countertop applications, pharmacies, and retail spaces with large indoor openings, they provide security no one else can match.

- Covers extra wide openings up to 30 ft. providing a versatile solution for the widest openings in a compact package.
- Tubular motor operation for widths up to 26 ft., the system enables smooth, reliable, and quiet operation. For 26-30 ft. openings, high performance jackshaft motors are available.

XL shutters are designed to cover the widest spans for ultimate versatility.

Open retail spaces like the entrance to this mall department store utilize XL shutters for their wide spanning security.

# Appealing Aesthetics

XL shutter saves room while adding sophisticated style to your space.

## SLEEK, SEAMLESS AND STUNNINGLY STYLED

Whether for interior openings or storefronts, our XL Wide Shutters deliver performance without taking up valuable architectural headroom.

- Uniquely small and visually appealing finished housing allows for large shutter installation below ceilings, reducing costs and simplifying fieldwork.
- Cover single or multiple openings with the same large shutter.

# Case Study: Large Pharmacy Protection

## OVERVIEW

A national chain pharmacy had a store in a high-crime area that was experiencing a significant increase in thefts and jumpers targeting the pharmacy counter. The open counter design made it easy for criminals to access prescription medications and existing security methods were cumbersome for employees to use.

As part of a store remodel, the pharmacy implemented XL shutters as a protective barrier in front of the pharmacy counter. The easy-to-use motorized solution allowed the pharmacists to secure the counter areas efficiently while maintaining the open and inviting ambiance of the area.

The installation of XL shutters in the at-risk pharmacy eliminated the thefts. The shutters acted as a physical deterrent to criminals while providing a sense of security for both employees and customers, improving the overall shopping experience. The location was able to protect its valuable inventory, eliminate losses, and create a safer environment for everyone at the store.

Step 1: XL integrated into pharmacy remodel along with other construction.

*“The shutters are easy to operate and much more efficient than multiple smaller units.”*

**—STORE MANAGER**

Step 2: XL validated and ready for cabinetry install.

Step 3: Pharmacist supports customer at a finished pharmacy counter. XL blends seamlessly into overall work pharmacy operations.

# Why Choose Us

## AN ENTIRE COMPANY BUILT AROUND SECURITY-DRIVEN INNOVATION

We provide innovative products and unrelenting customer service, protecting what matters most.

## THE PASSIONATE, SINGLE-MINDED MARKET LEADER

### Superior Product

### Fastest Lead Time

### Ongoing Support

### Customer-Focus

Personalized, attentive care from start to finish.

### Innovation

Creative, unmatched solutions for the most demanding applications.

### Integrity

Honest, responsible, and caring. We treat our customers and each other with respect.

### Quality

Exceptional high-durability products and service. Unrelenting support.
